

MOHAMED NASER ELDIN ABDEL FATAH

Communication Engineering Student | Networking | AI & Data Science

Alexandria, Egypt | 01203419845 | mohamednaser200566@gmail.com

LinkedIn: <https://www.linkedin.com/in/mohamed-naser-741355415>

PROFESSIONAL SUMMARY

Communication Engineering student with an interest in Networking, Artificial Intelligence, Data Science, and Cybersecurity. Developing practical technical skills through academic and personal projects using Cisco Packet Tracer, Python, MATLAB, and Arduino. Interested in pursuing a future career in Cybersecurity and continuously developing technical knowledge in networking, programming, and artificial intelligence.

EDUCATION

Elmadina Higher Institute for Engineering and Technology

Communication Engineering | Expected Graduation: 2028 | Fourth-Year Student

TECHNICAL SKILLS

Networking: CCNA, Cisco Packet Tracer, IP Addressing, Routing & Switching, VLAN, OSPF, Network Troubleshooting

Programming: Python, C++, SQL

AI & Data: Artificial Intelligence, Data Science, Data Collection

Engineering: MATLAB, Arduino

Microsoft Office: Word, PowerPoint, Excel

CAREER INTERESTS

Cybersecurity | Network Security | Computer Networks | Artificial Intelligence | Data Science

PROJECTS

Cisco Networking Projects — Cisco Packet Tracer

- Configured network topologies using Cisco routers and switches.
- Practiced IP addressing, VLANs, routing, and OSPF.
- Tested and troubleshooted network connectivity using ping and Cisco IOS commands.

Arduino Smart Lock System

- Developed a smart security system using Arduino, keypad, servo motor, LCD, IR sensor, and DHT11.
- Implemented password-based access control and sensor integration.

Automatic Street Light System

- Built an Arduino-based automatic lighting system using sensors to control lighting according to environmental conditions.

MATLAB/Simulink Transmission Line Project

- Used MATLAB/Simulink to model and analyze a transmission-line system.
-

COURSES & TRAINING

- AI for You — Oracle | Completed
 - CCNA | Completed
 - Media Buying | Completed
 - Data Science & AI — Digital Egypt Pioneers Initiative (DEPI) | Currently Studying
 - AI Course — Build X | GDGC | Completed
 - ICDL | Completed
-

LANGUAGES

Arabic: Native | English: B1
